

UEFA Pro Licence 2009

Student Requirements

In addition to meeting the entry criteria, students will be expected to commit themselves to the following aspects:

- Obtain access to the necessary audio visual and IT equipment Obtain the necessary IT training
- Time management strategies to allow them the appropriate weekly time for personal study - recommended to be two to three hours
- Attendance at the Residential Courses of training
- Contribution to the Conference Call tutorials
- Arrangement of club visits
- Complete project tasks within a mutually agreed timescale
- Organise a study visit outside the UK for a minimum of 10 hours to observe training and coaching methods. (The FA can assist in this respect, if required).

Please Note: The Football Association accepts that a certain degree of flexibility needs to be exercised. However students would be expected to meet the course commitments, save for exceptional circumstances that may arise.

Grants may be available from the Professional Footballers' Association Education Department
